

## New Pressure Stack 439 Stainless Steel Accessories

# Secure Stack<sup>®</sup> Pro • Secure Stack<sup>®</sup>

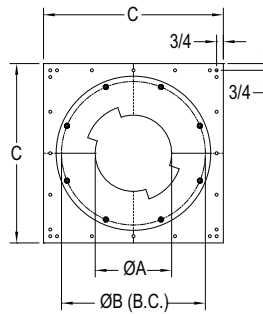

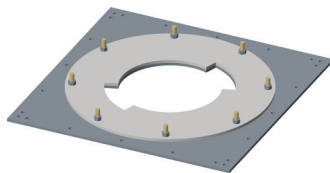

Security Chimneys has developed 439 stainless steel accessories for installations where superior resistance is required due to exposure to weather elements or corrosion.

This expansion of product offerings is available for the Secure Stack<sup>®</sup> Pro and Secure Stack<sup>®</sup> lines and include the following products in both standard and heavy duty:

### Wall Supports

### Anchor Plates

### Wall Guides
